**Match the Product to Your Pest!**

**PEST CONTROL SOLUTIONS CHART**

This pest control solutions chart will help you to choose the product that most closely matches your needs. Find your pest problem at the top of the chart, chart cells in that column with a dot indicate that the product in that row is intended by the manufacturer to address that pest problem.

Always check the product label and confirm that the product is allowed by your certifying agency. We do our best before publishing each catalog to update our solution charts with current status with OMRI, WSDA, CDFA and NOP. However, the status of any product can change at any time, so use this chart only as a guideline. If there is no part number listed there are several products available - search the title listed to find your options.
